HOW TO CONTACT THE IEEE

IEEE OPERATIONS CENTER

445 Hoes Lane, P.O. Box 1331

Piscataway, NJ 08855-1331, USA

Web: www.ieee.org/memberservices

Phone: +1 732 981 0060 (worldwide)

Phone: +1 800 678 4333 (USA & Canada)

Fax: +1 732 562 5445

For the latest IEEE news, visit our Web site at:

www.ieee.org

Special Interest Memberships and Subscriptions

To maximize your membership value, customize your membership with options that target your specific interests:

- >> **IEEE Societies:** The IEEE has 38 societies you can join, each with a specific technical or professional focus.
- >> **IEEE Publications:** Society memberships often include valuable transactions and magazines. You can also subscribe to additional publications that interest you.
- >> **Other Options to Consider:** Join the IEEE Standards Association or IEEE Women in Engineering.

Plan to get the most from your membership in 2008 by exploring the offerings explained in this guide.

Instructions for Renewing Members & Society Affiliates

ARE YOU A RENEWING MEMBER?

- > Save time. Save money. Renew online at www.ieee.org/renewal. Look for details in the letter included in your renewal packet.
- > Refer to your renewal notice for detailed instructions on completing the renewal process.

REDUCED DUES PROGRAM

- > If you are a student or graduate student taking at least 50% of a full-time academic program in an IEEE-related field, or your employment status has changed, refer to the Special Circumstances Application on page XX to see if you meet the requirements for several available Reduced Dues Programs.

ARE YOU A RENEWING SOCIETY AFFILIATE?

- > Renew online at www.ieee.org/renewal. Look for details in the letter included in your renewal packet.
- > You must pay a US\$63 IEEE Affiliation fee in addition to the Society fee for each IEEE Society to which you belong. You may save money by joining the IEEE as a member. Join the IEEE by selecting membership when you renew on the Web or contact IEEE Member Services.

Instructions for New Members

ARE YOU A NEW IEEE MEMBER FOR 2008?

- > You can customize your membership at www.ieee.org/addnewservices or use the application on page XX.
- > **IMPORTANT NOTE ON PRICING:** Full-year prices are in effect from 16 August 2007 through 28 February 2008. From 1 March 2008 through 15 August 2008, pay only half the full-year price. Please round up to the nearest dollar. For example, if the full-year price is US\$15 the half-year rate will be US\$8. Air-freight prices are full-year only.

What's New for 2008

NEW COUNCIL

IEEE TECHNOLOGY MANAGEMENT COUNCIL

Formed from the conversion of the IEEE Engineering Management Society to a Council See page 41.

NEW PUBLICATIONS

IEEE REVIEWS IN BIOMEDICAL ENGINEERING

This publication will review the state-of-the-art and trends in the emerging field of biomedical engineering. This includes scholarly works, ranging from historic and modern development in biomedical engineering to the life sciences and medicine enabled by technologies covered by the various IEEE societies. See page 22.

IEEE TRANSACTIONS ON HAPTICS

This publication covers the science, technology, and applications associated with information acquisition and object manipulation through touch. It explores all aspects of manual exploration and manipulation by humans, machines, and interactions between the two, performed in real, virtual, teleoperated, or networked environments. See pages 16, 18, and 31.

IEEE JOURNAL OF SELECTED TOPICS IN APPLIED EARTH OBSERVATIONS AND REMOTE SENSING

These papers will address current issues and techniques in applied remote and *in situ* sensing, their integration, and applied modeling and information creation for understanding the Earth. Applications are for the Earth, oceans, atmosphere and space. Topics can include observations, derived information such as forecast data, simulated information, data assimilation and Earth information techniques to address science and engineering issues of the Earth system. See pages 10, 11, 12, 13, 14, 18, 19, 20, 23, 24, 25, 26, 27, 28, 29, 30, 31, 34, 35, and 38.

IEEE TRANSACTIONS ON SERVICES COMPUTING

This publication will cover all computing and software aspects of the science and technology of services innovation research and development. It will emphasize the algorithmic, mathematical, statistical and computational methods that are central in services computing; the emerging field of Service Oriented Architecture, Web Services, Business Process Integration, Solution Performance Management, Services Operations and Management. See page 16.

IEEE TRANSACTIONS ON LEARNING TECHNOLOGIES

This publication will provide archival research papers and critical survey papers on technology advances in online learning systems; intelligent tutors; educational software applications and games; simulation systems for education and training; collaborative learning tools, devices and interfaces for learning; interactive techniques for learning; tools for formative and summative assessment; ontologies for learning systems; standards and web services that support learning; authoring tools for learning materials; computer support for peer tutoring and learning via discovery or project work or field or lab work; and creation and management of learning objects. See pages 12, 16, and 20.

IEEE INTELLIGENT TRANSPORTATION SYSTEMS MAGAZINE

This publication will contain peer-reviewed articles that provide innovative research ideas and application results, report significant application case studies, and raise awareness of pressing research and application challenges in all areas of intelligent transportation systems. High quality tutorials, surveys, successful implementations, technology reviews, lessons learned, policy and societal impacts, and intelligent transportation systems educational issues will also be published. See page 26.

NEW DIGITAL LIBRARIES

IEEE ANTENNAS AND PROPAGATION SOCIETY MEMBER DIGITAL LIBRARY

Provides access at www.ieee.org/ieeexplore to the IEEE International Symposium on Antennas and Propagation and other conference publications sponsored or co-sponsored by the IEEE Antennas and Propagation Society. See page 10.

IEEE CONSUMER ELECTRONICS SOCIETY MEMBER DIGITAL LIBRARY

Provides access at www.ieee.org/ieeexplore to the IEEE International Conference on Consumer Electronics and other conference publications sponsored or co-sponsored by the IEEE Consumer Electronics Society. See page 18.

IEEE ELECTROMAGNETIC COMPATIBILITY SOCIETY MEMBER DIGITAL LIBRARY

Provides access at www.ieee.org/ieeexplore to the IEEE International Symposium on Electromagnetic Compatibility and other conference publications sponsored or co-sponsored by the IEEE Electromagnetic Compatibility Society. See page 20.

IEEE NUCLEAR AND PLASMA SCIENCES SOCIETY MEMBER DIGITAL LIBRARY

Provides access at www.ieee.org/ieeexplore to the IEEE Nuclear Science Symposium and other conference publications sponsored or co-sponsored by the IEEE Nuclear and Plasma Sciences Society. See page 29.

IEEE OCEANIC ENGINEERING SOCIETY MEMBER DIGITAL LIBRARY

Provides access at www.ieee.org/ieeexplore to IEEE OCEANS and other conference publications sponsored or co-sponsored by the IEEE Oceanic Engineering Society. See page 30.

IEEE SYSTEMS, MAN, AND CYBERNETICS SOCIETY MEMBER DIGITAL LIBRARY

Provides access at www.ieee.org/ieeexplore to the IEEE International Conference on Systems, Man, and Cybernetics and other conference publications sponsored or co-sponsored by the IEEE Systems, Man, and Cybernetics Society. See page 35.

MORE SOCIETY PUBLICATIONS AVAILABLE TO IEEE MEMBERS AND SOCIETY AFFILIATES

Effective 2008 most of the subscriptions offered in this catalog are also available to any IEEE member and affiliate at a slightly higher price than what is charged to members of the sponsoring society. For the complete list of publications available, please visit: shop.ieee.org.

Payment Information

Methods of payment

> Credit Card

Visa (IEEE or other), MasterCard (IEEE or other), American Express, Diners Club

> Check or Money Order

Payable to the IEEE in U.S. dollars drawn on a U.S. bank account. Please include member name and number on your check.

> Company Payments

Individual employee - payment advice, check or check stub should include your name, member number and the Return portion of your renewal.

Multiple employees - company must provide names, member numbers, and amount intended for each employee along with the Return portion of the renewals. (NOTE: A company purchase order cannot be accepted for payment.)

> Canadian Taxes

All supplies, which include dues, Society membership fees, and publications (except CD-ROM and DVD media), shipped to locations within Canada are subject to the GST of 6% or the HST of 14%, depending on the Province to which the materials are shipped. GST and HST do not apply to Regional Assessments. (IEEE Canadian Business Number 12563 4188 RT0001)

> European Union VAT Tax

In accordance with the European Union Council Directives 2002/38/EC and 77/388/EEC amended by Council Regulation (EC)792/2002, IEEE is required to charge and collect VAT taxes on electronic/digitized products to private consumers that are located in the European Union. The VAT tax rate applied is the EU member country standard rate where the consumer is resident. (IEEE EU VAT Tax ID 826000081)

> U.S. Sales Taxes

Please add applicable state and local sales and use tax on orders shipped to **Alabama, Arizona, California, Colorado, District of Columbia, Florida, Georgia, Illinois, Indiana, Kentucky, Massachusetts, Maryland, Michigan, Minnesota, Missouri, New Jersey, New Mexico, New York, North Carolina, Ohio, Oklahoma, West Virginia, Wisconsin.** Customers claiming a tax exemption must include an appropriate and properly completed tax-exemption certificate with their first order.

> **IEEE Regional Assessments**

Your renewal invoice reflects 2008 dues and regional assessments based on where you live. Regional assessments are payments required of members and approved by the IEEE Board of Directors that are returned to the Regions to support Region, Section and Chapter products, services and programs. For more information, call +1 732 562 5501. (Does not apply to IEEE Society Affiliates or IEEE Student Members.)

> **Receipts**

A copy of your "RETURN" invoice and proof of payment (e.g., credit card statement) can serve as your receipt.

> **Air Freight Delivery**

Available to all subscribers outside of the United States, Canada and Mexico. Air freight is not available for prior year subscriptions, replacement issues. Estimated delivery times for surface mail are: USA, Puerto Rico & Canada: 7-14 days • All other areas: 14-30 days. Local delivery within individual countries may extend beyond the above quoted times.

> **Delivery Policy**

Ordered journals, magazines and other periodicals are deemed delivered to the member upon IEEE submission of the periodical materials to the U.S. Postal Service ("USPS") for member addresses in the United States or Canada or to a USPS postal qualified wholesaler for addresses in other countries, with prepaid postage or charges as required for the relevant service class and destination, addressed to the address provided by the member. Upon satisfying such delivery conditions, IEEE is without further responsibility or risk and no dues or fees shall be subject to any refund for periodicals non-receipt caused for any reason. When IEEE is advised of such failed receipt of periodical materials and is provided with a corrected address if needed, it will resend a replacement copy of the non-received materials (if available), but has no other duty or obligation.

IEEE Foundation

Supporting Philanthropic Programs of IEEE

Supporting philanthropic programs of the IEEE that will make a difference to people across the globe is the sole objective of the IEEE Foundation. To achieve this objective, the IEEE Foundation turns donations into action in two ways. First, the IEEE Foundation awards project grants to new and innovative projects that improve the world's understanding of how technology is created and impacts society. Secondly, it serves as the fund administrator for over 100 restricted funds that support educational, historical preservation, and peer recognition programs of IEEE organizational units (OUs).

Thanks in large part to the generous contributions made by IEEE members in their last IEEE dues renewal, during 2006 the IEEE Foundation:

- **Awarded US\$300,000 in project grants to new and innovative projects that helped countless individuals around the world;**
- **Invested US\$280,000 in programs of the IEEE History Center providing historians, researchers, and the general public access to the history of IEEE associated technologies;**
- **Expended over US\$100,000 on IEEE programs designed to aid students, at all levels, pursuing a technologically-oriented education;**
- **Paid out over US\$750,000 in cash honorariums and prize items associated with presentation of a variety of peer recognition awards celebrating technological and scientific accomplishments from which all of society benefits.**

This is just the beginning. There is much more that can and should be done. On behalf of the people who benefit from the IEEE Foundation's work to support science and technology, please consider making a gift to the IEEE Foundation General Fund through your dues renewal. The IEEE Foundation will not have the same success in bringing people together and improving lives without your support.

In addition to making a gift through your dues renewal, please consider naming the IEEE Foundation as a beneficiary in your will, trust, retirement plan or life insurance policy. To learn more about the IEEE Foundation and how you can support its philanthropic activities, visit <http://www.ieeefoundation.org> or contact the IEEE Development Office by electronic mail at supportieee@ieee.org or by telephone at +1 732 562 5550.

IEEE Societies

Add value to your membership by joining one or more of the IEEE's 38 industry-leading technical Societies. In many cases you must be a Society member to purchase that Society's publications. For exceptions see page 39. For more information, contact the IEEE Technical Activities Department:

>> **Web:** www.ieee.org/tab

>> **Email:** technical.activities@ieee.org

>> **Phone:** +1 732 562 3851

Please note: subscriptions purchased by IEEE members at the member price are intended for member's personal use only.

Access IEEE publications online via IEEE Xplore®

Meet your research needs with IEEE Xplore® — the online delivery system for IEEE scientific and technical information. IEEE Members can search transactions, journals, magazines, and conference proceedings published since 1988 (plus select titles to 1913) and IEEE standards. IEEE Members can also view the full abstract/citation records for IEEE and all articles in *IEEE Spectrum* magazine. Everyone can browse the complete collection of tables of contents and basic abstracts. Full-text access is based on an active online subscription. Online access rules subject to change www.ieee.org/ieeexplore

IEEE Aerospace and Electronic Systems Society (AES)

The Society member interests cover the design, integration, test, and analysis of large, complex systems consisting of major subsystems that contain dissimilar electronic devices. Most of our members work on sensor systems (radar, sonar, optics, and navigation), communications systems, command and control centers, avionics, space systems, military systems, digital signal processing simulators, and software development. Some members work on robotics, energy, and transportation systems.

MEMBERSHIP INCLUDES: (PRODUCT # MEMAES010)

\$25

IEEE Aerospace and Electronic Systems Magazine

Freq 12x/yr (print & electronic) (Air freight add: \$83)

Online access to IEEE/OSA Journal of Lightwave Technology

IEEE Nanotechnology Magazine

Freq 4x/yr (print) (Air freight add: \$44)

AVAILABLE TO AES MEMBERS:

Aerospace and Electronic Systems, IEEE Trans. on

Freq 4x/yr Product # PER111-PRT (Air freight add: \$102)

\$25

Product # PER111-ELE

\$25

Product # PER111-EPC

\$35

Lightwave Technology, IEEE/OSA Journal of

Online access included with membership

Freq 6x/yr Product # PER430-PRT (Air freight add: \$141)

\$45

Nanotechnology, IEEE Trans. on

For subscription information to this Council publication see page 38.

IEEE Nanotechnology Magazine

For subscription information to this Council publication see page 38.

Pattern Analysis and Machine Intelligence, IEEE Trans. on

Freq 12x/yr Product # PER135-EPC

\$52

New! Selected Topics in Applied Earth Observations and Remote Sensing, IEEE Journal of

Special Promotion for 2008, Free Electronic Access to Product # PER215-ELE

Freq 4x/yr Product # PER215-PRT (Air freight add: \$74)

\$30

IEEE Sensors Journal

For subscription information to this Council publication see page 40.

IEEE Systems Journal

For subscription information to this Council publication see page 40.

New! IEEE Technology Management Package

For subscription information to this Council package see page 41.

IEEE Antennas and Propagation Society (AP)

The field of interest of the Society includes the following: antennas, including analysis, design, development, measurement, and testing; radiation, propagation, and the interaction of electromagnetic waves with discrete and continuous media; and applications and systems pertinent to antennas, propagation, and sensing, such as applied optics, millimeter- and sub-millimeter-wave techniques, antenna signal processing and control, radio astronomy, and propagation and radiation aspects of terrestrial and space-based communication, including wireless, mobile, satellite, and telecommunications.

MEMBERSHIP INCLUDES: (PRODUCT # MEMAP003)

\$24

IEEE Antennas and Propagation Magazine

Freq 6x/yr (print & electronic) (Air freight add: \$81)

Online access to IEEE Trans. on Antennas and Propagation and IEEE Antennas and Wireless Propagation Letters

AVAILABLE TO AP MEMBERS:

Special Promotion for AP Members, Free for 2008

New! IEEE Antennas and Propagation Society Member Digital Library

Access to the IEEE International Symposium on Antennas and Propagation and other conference publications sponsored or co-sponsored by the IEEE Antennas and Propagation Society.

Electronic Product # ONL461

Antennas and Propagation, IEEE Trans. on

Online access included with membership

Freq 12x/yr Product # PER104-PRT (Air freight add: \$133)

\$36

IEEE Antennas and Wireless Propagation Letters

Online access included with membership

Freq 1x/yr Product # PER189-PRT (Air freight add: \$54)

\$20

Computing in Science & Engineering Magazine

Freq 6x/yr Product # PER324-EPC

\$45

Computer-Aided Design of Integrated Circuits and Systems, IEEE Trans on

For subscription information to this Council publication see page 39.

Nanotechnology, IEEE Trans. on

For subscription information to this Council publication see page 39.

IEEE Nanotechnology Magazine

For subscription information to this Council publication see page 39.

IEEE Broadcast Technology Society (BT)

The Society encompasses technologies needed for various broadcasting services. It amalgamates elements of antennas, electronics, power, communications, signal processing, information theory, computers and audio into a broadcasting perspective.

MEMBERSHIP INCLUDES: (PRODUCT # MEMBT002) \$15

Society Newsletter (print)

Broadcasting, IEEE Trans. on

Freq 4x/yr (print & electronic)(Air freight add: \$74)

AVAILABLE TO BT MEMBERS:

Display Technology, IEEE/OSA Journal of

Freq 4x/yr Product # PER202-PRT (Air freight add: \$83) \$28

Product # PER202-ELE \$26

Product # PER202-EPC \$39

New! Selected Topics in Applied Earth Observations and Remote Sensing, IEEE Journal of

Special Promotion for 2008, Free Electronic Access to Product # PER215-ELE

Freq 4x/yr Product # PER215-PRT (Air freight add: \$74) \$30

IEEE Sensors Journal

For subscription information to this Council publication see page 40.

New! IEEE Technology Management Package

For subscription information to this Council package see page 41.

IEEE Circuits and Systems Society (CAS)

The Society focuses on the theory, analysis, design, and practical implementation of circuits, and the application of circuit theoretic techniques to systems and signal processing ranging from basic scientific theory to industrial application.

MEMBERSHIP INCLUDES: (PRODUCT # MEMCAS004) \$18

IEEE Circuits and Systems Magazine

Freq 4x/yr (print & electronic) (Air freight add: \$74)

AVAILABLE TO CAS MEMBERS:

Biomedical Circuits and Systems, IEEE Trans. on

Freq 4x/yr Product # PER207-PRT (Air freight add: \$51) \$26

Product # PER207-ELE \$16

Product # PER207-EPC \$32

IEEE Computer Society (C)

The Society covers all major areas of computing and information technology including computer hardware, software development, multimedia, IT, security, networking, mobile computing, and more.

Members get free access to hundreds of online training courses for Java, Cisco, XML, project management, IT security and more. Members also get free access to an extensive collection of online books on a variety of technology topics. And many other valuable benefits. Please visit computer.org for details.

Members of both ACM and IEEE Computer Society, write your ACM membership number on your renewal invoice and subtract \$5.00 from the total. **(Discount not applicable to Students, Affiliates or others who pay reduced rates.)**

MEMBERSHIP INCLUDES: (PRODUCT # MEMC016) \$50

Computer Magazine

Freq 12x/yr (print & electronic)

AVAILABLE TO COMPUTER SOCIETY MEMBERS:

IEEE Computer Society Digital Library

Calendar year access to 25 Society periodicals with full archives, plus more than 2,500 conference publications.

IEEE Electron Devices Society (ED)

The field of interest for EDS is all aspects of engineering, physics, theory, experiment and simulation of electron and ion devices involving insulators, metals, organic materials, plasmas, semiconductors, quantum-effect materials, vacuum, and emerging materials. Specific applications of these devices include bioelectronics, biomedical, computation, communications, displays, electro and micro mechanics, imaging, micro actuators, optical, photovoltaics, power, sensors and signal processing.

The Society is concerned with research, development, design and manufacture related to materials, processing, technology, and applications of such devices, and scientific, technical, educational and other activities that contribute to the advancement of this field.

IEEE Microwave Theory and Techniques Society (MTT)

The Society covers microwave theory, techniques and applications of RF, microwave, guided wave and wireless technologies, as they relate to components, devices, circuits, transmission lines, and systems involving the generation, modulation, demodulation, control, transmission, detection, and effects of electromagnetic signals. This includes topics such as active devices and circuits and passive components including radio frequency and microwave/millimeter-wave integrated circuits (RFICs and MMICs), microwave photonics, microelectromechanical devices, transmit/receive modules and system on package and use of such technologies for applications such as wireless, sensing, high speed digital, medical, and integrated smart and phased array antenna systems. Also covered are measurement techniques and complementary computer aided design, modeling and simulation and much more. It shall include scientific, technical, and industrial activities.

MEMBERSHIP INCLUDES: (PRODUCT # MEMMTT017)

\$14

IEEE Microwave Magazine

Freq 6x/yr (print & electronic) (Air freight add: \$77)

Online access to IEEE/OSA Journal of Lightwave Technology

IEEE Product Safety Engineering Society (PSE)

This Society includes the theory, design, development and implementation of product safety engineering related to the process required for ensuring that electromechanical products are safe for use within a wide-range of environments. Dissemination of technical information to enhance personal product safety engineering skills is a primary focus of the Society.

MEMBERSHIP INCLUDES: (PRODUCT # MEMPSE043)

\$35

Society Newsletter (electronic)

Available at www.ewh.ieee.org/soc/pses

IEEE Online Community for Society Members

IEEE Professional Communication Society (PC)

The Society encompasses all aspects of communicating information relating to engineering and professional practices. The Society supports continuing education related to effective technical communication, researching and developing new communication techniques, and defining professional communication standards. Society interests include electronic information; technical documentation; user interfaces; usability studies; face-to-face, print, and electronic presentations; and specification and implementation of electronic publication, content management, and collaboration technologies.

MEMBERSHIP INCLUDES: (PRODUCT # MEMPC026)

IEEE Technical Councils

PUBLICATIONS AVAILABLE TO IEEE MEMBERS AND SOCIETY AFFILIATES

A Council is an inter-society group that focuses in a specific area of interest covered by the multiple Societies that sponsor the Council.

IEEE Council on Electronic Design Automation

The Council spans the theory, implementation and use of EDA/CAD tools to design integrated electronic circuits and systems. This includes tools that automate all levels of the design, analysis and verification of hardware and embedded software up to and including complete working systems.

Sponsoring Societies: AP, CAS, C, ED, MTT and SSC.

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

Computer-Aided Design of Integrated Circuits and Systems, IEEE Trans. on

Freq 12x/yr	Product # PER139-PRT (Air freight add: \$112)	\$34
	Product # PER139-ELE	\$26
	Product # PER139-EPC	\$39

IEEE Nanotechnology Council

The Council is a multi-disciplinary group whose purpose is to advance and coordinate work in the field of Nanotechnology carried out throughout the IEEE in scientific, literary and educational areas. The Council supports the theory, design, and development of nanotechnology and its scientific, engineering, and industrial applications.

Sponsoring Societies: AES, AP, CAS, COM, CPMT, CIS, C, CS, ED, EMB, EMC, IE, IM, LEO, MAG, MTT, RL, RA, SMC, SSC, and UFFC.

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

Nanotechnology, IEEE Trans. on

Freq 6x/yr	Product # PER192-ELE	\$25
	Product # PER192-EPC (Air freight add: \$53)	\$49

	Product # PER209-ELE	\$19
	Product # PER209-EPC (Air freight add: \$44)	\$25

IEEE Sensors Council

The Council and its activities shall be the theory, design, fabrication, manufacturing and application of devices for sensing and transducing physical, chemical, and biological phenomena, with emphasis on the electronics, physics and reliability aspects of sensors and integrated sensor-actuators.

Sponsoring Societies: AES, BT, CAS, COM, CPMT, C, DEI, ED, EMB, GRS, IE, IA, IM, LEO, MAG, MTT, NPS, OE, PE, RA, SP, SSC, UFFC, and VT.

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

	Product # PER186-ELE	\$25
	Product # PER186-EPC	\$48

IEEE Council on Superconductivity

The Council concentrates on the Science and Technology of Superconductors and their Applications. Its interests encompass Superconducting Electronics, Superconducting Power Applications, Superconducting Magnets and Devices, and Superconducting Materials.

Sponsoring Societies: COM, CPMT, DEI, ED, IM, MAG, MTT, PE, RL, and UFFC

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

Applied Superconductivity, IEEE Trans. on

Freq 4x/yr	Product # PER152-PRT (Air freight add: \$122)	\$28
	Product # PER152-ELE	\$28
	Product # PER152-EPC	\$42

IEEE Systems Council

The Council integrates IEEE activities regarding aspects of multiple disciplines and specialty areas associated with the engineering of systems. This Council covers, but is not limited to the following: Systems engineering, education, standards, processes and methodologies; Modeling, simulation and integration related to design, testing, production and support; Design aspects for robust design, human factors, safety, security and usability; Transition of products from design to production, deployment and use; Quality control and system management; Program/product/project management interactions; Risk management; System architecture.

Sponsoring Societies: AES, CAS, CIS, COM, C, CS, IM, MTT, OE, PEL, RL, RA, and SMC

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

IEEE Systems Journal

Freq 4x/yr	Product # PER212-PRT (Air freight add: \$50)	\$25
	Product # PER212-ELE	\$10
	Product # PER212-EPC	\$30

New! IEEE Technology Management Council

(Formed from the conversion of the IEEE Engineering Management Society to a Council)

The field of interest of the Council encompasses the management sciences and practices applicable to individuals engaged in or overseeing the management of engineering, technology, innovation, and strategy in a global environment

Sponsoring Societies: AES, BT, CAS, COM, C, ED, IE, LEO, PC, RL, SP, SMC, SSC, and VT.

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

IEEE Technology Management Package (includes Engineering Management Newsletter, IEEE Trans on Engineering Management, print & electronic, and the IEEE Engineering Management Review, print & electronic access to abstracts only)

Freq 4x/yr Product # MEMEM014 (Air freight add: \$148)

\$30

IEEE Publications Available To IEEE Members And Society Affiliates

Most of the subscriptions offered in this catalog are also available to any IEEE member and affiliate for prices slightly higher than what is charged to the members of the sponsoring society. For a complete list of publications available, please visit the following URL: shop.ieee.org

By logging into this website with your member web account information (or signing up for one), you will see the subscriptions eligible for your purchase.

IEEE PUBLICATIONS AVAILABLE TO IEEE MEMBERS*

IEEE Spectrum Magazine

(included with IEEE membership)

Additional subscription \$20

Freq 12x/yr Product#PER500-PRT

(Affiliate price: \$205)

Access IEEE Spectrum Online at

www.spectrum.ieee.org

IEEE Member Digital Library

25 documents a month \$35/mo

Product# ONLMDL (electronic only)

Available only to IEEE Members

Charged monthly via credit card only

*Society Affiliates must pay the Affiliate price.

Proceedings of the IEEE

Freq 12x/yr Product# PER501-PRT \$32

(Affiliate price: \$775)

(Air freight add: \$129)

Product# PER501-ELE \$32

(Affiliate price: \$750)

Product# PER501-EPC \$42

(Affiliate price: \$915)

(Air freight add: \$129)

IEEE Potentials

Freq 12x/yr Product# PER506-PRT \$15

(Affiliate price: \$40)

(Air freight add: \$75)

More Recommended Options

IEEE Standards Association (IEEE-SA)

The IEEE-SA is the leading developer of global industry standards in a broad range of industries, including: Power and Energy, Information Technology, Wireless Communications, Transportation, Biomedical Engineering, Nanotechnology and much more. Your participation gives you direct influence over the technological forces that will shape your industry, and ensure that tomorrow's products are safe, reliable, and compatible on a global scale - benefiting people worldwide, every day. The IEEE-SA standards development program offers balance, openness, due process, and consensus. The IEEE-SA conducts over 200 standards ballots per year, as proposed standards are voted upon for technical reliability and soundness. The IEEE-SA is a diverse community of technology leaders from corporations, organizations, universities, and government agencies. When you join the IEEE Standards Community, you will be part of a dynamic forum where technology innovators exchange ideas and share first hand knowledge. Visit us at www.standards.ieee.org for more information. Individual membership dues for IEEE members and affiliates are \$38. To join IEEE-SA, if you are a member, write "IEEE Standards Association Individual Membership - IEEE Members" and "PRODUCT ID MEMSTDIND" on your return invoice. If you are a Society Affiliate, write "IEEE Standards Association Individual Membership - Society Affiliates" and "PRODUCT ID MEMSTDIND" on your return invoice. Please remember to add \$38 to your payment.

IEEE Women in Engineering (WIE)

The status and advancement of women in the engineering and science professions is the focus of this membership group. Goals include facilitating the development of programs and activities that promote the entry into and retention of women in engineering programs and enhancing the career advancement of women in the profession. [Membership fee is \\$25, and includes electronic access to the WIE Membership Directory and WIE Newsletter.](#)

To join WIE, add "IEEE Women in Engineering", MEMWIE to your renewal invoice, or select "Women in Engineering" under "IEEE Memberships" when you renew online. Membership is free to Life Members, Student and Graduate Student Members. Not available to Society Affiliates.

MEMBERSHIP RENEWAL

SPECIAL CIRCUMSTANCES

Application

CUT-OUT FORM

For Renewing IEEE Members ONLY

(cannot be used by renewing IEEE Society Affiliates)

IEEE has reduced dues plans for retired, unemployed and minimum income individuals. If you qualify, check the appropriate box, complete and sign the form, and return it with your renewal invoice. You can choose **ONLY ONE** of the special circumstance options.

PLEASE PROVIDE YOUR:

Name _____

IEEE MEMBER NUMBER:

- RETIRED** You must be at least 62 years of age and not employed. You pay: 50% of your current dues/assessments • 50% of your Society dues for any Society you have belonged to for at least 5 years • 50% of the cost of the publications for those Societies • All other publications and Society memberships of less than 5 years must be paid in full.
- UNEMPLOYED** If you are unemployed through involuntary termination and are actively seeking employment, you pay 50% for all dues/assessments, Society dues and publications.
- MINIMUM INCOME** If your 2006 annual income (gross, unadjusted income including all benefits and services from any source) did not exceed US\$12,600, you pay: 50% of your current dues /assessments • 50% of one Society (your choice) and its optional publications.

STUDENTS If you are still a registered graduate or undergraduate student for the 2007-2008 academic year and currently taking at least 50% of a full-time academic program in an IEEE-designated field of interest, please complete the online renewal form at www.ieee.org/renewal. You can reinstate your student membership status by completing the online renewal form and using the link for Special Circumstances contained within the form (subject to the existing rules governing Student membership).

IEEE Code of Ethics

WE, THE MEMBERS OF THE IEEE, in recognition of the importance of our technologies in affecting the quality of life throughout the world, and in accepting a personal obligation to our profession, its members and the communities we serve, do hereby commit ourselves to the highest ethical and professional conduct and agree:

- 1.** to accept responsibility in making decisions consistent with the safety, health, and welfare of the public, and to disclose promptly factors that might endanger the public or the environment;
- 2.** to avoid real or perceived conflicts of interest whenever possible, and to disclose them to affected parties when they do exist;
- 3.** to be honest and realistic in stating claims or estimates based on available data;
- 4.** to reject bribery in all its forms;
- 5.** to improve the understanding of technology, its appropriate application, and potential consequences;
- 6.** to maintain and improve our technical competence and to undertake technological tasks for others only if qualified by training or experience, or after full disclosure of pertinent limitations;
- 7.** to seek, accept, and offer honest criticism of technical work, to acknowledge and correct errors, and to credit properly the contributions of others;
- 8.** to treat fairly all persons regardless of such factors as race, religion, gender, disability, age, or national origin;
- 9.** to avoid injuring others, their property, reputation, or employment by false or malicious action;
- 10.** to assist colleagues and co-workers in their professional development and to support them in following this code of ethics.
